## 2021 Annual CE Deadlines | Your License is Your Business

**SMART Renewal Deadline:** CE course reported to NMLS  
by **Friday, December 10**

**At-Risk-to-Miss Renewal Deadline:** Course reported to  
NMLS by Friday, December 17

**Guaranteed to Miss Renewal Deadline:** Course reported  
to NMLS on Friday, December 31

## PE Expiration Policy

---

In 2016, the NMLS Policy Committee approved a policy that addresses situations in which an individual either 1) completes the Federal PE requirement and does not acquire a license within a reasonable amount of time, or 2) acquires a license, but then leaves the industry and returns after a long period and does required to become current on education.

The policy is as follows:

An individual who completed 20 hours Pre-Licensure education pursuant to 12 U.S.C. 5104(c) must retake 20 hours of pre-licensure education in order to be eligible for state mortgage loan originator licensure if he or she:

- (1) fails to acquire a valid state license or federal registration as a mortgage loan originator within three years from the date of federal compliance with 12 U.S.C. 5104(c); or
- (2) fails to acquire a valid state license or federal registration as a mortgage loan originator within three years from the last date of licensure or registration as a mortgage loan originator.

The policy has been enacted by many states as indicated on the following State-Specific Education Charts. No date has been set yet for nationwide compliance within NMLS.

## Uniform CE Policy

---

In August 2012, the NMLS Policy Committee (NMLSPC) passed the following CE policy. This policy is intended to promote greater uniformity among all mortgage state-licensing agencies. The education charts reflect this policy.

**Annual CE as a Condition of Renewal:** As a condition for license renewal, an MLO is required to complete at least eight (8) hours of CE in the same year in which he/she is placed in an approved license status by a state agency, with the following exception:

- An MLO who has completed his/her pre-licensure education (PE) course requirements in the same year in which the license was approved, is not required to complete CE.

In the event an MLO had a requirement to complete CE and failed to do so, and as a condition for renewal or reinstatement, "Late CE" is required to be completed to satisfy CE for the last year in which the MLO was in a renewable status. "Late CE" courses are those courses which have been specifically approved and configured, so that upon completion, course credit will be retroactively applied to the appropriate previous year.

Additionally, and in accordance with the Model State Law (MSL), an MLO who subsequently becomes unlicensed must complete the CE requirements for the last year in which a license was held prior to the issuance of a new or renewed license.

## Online Self-Study Courses Require an Authentication Password Through BioSig-ID.

All online self-study courses require a biometric authentication. This is in addition to a user ID and password. **The biometric signature is used to monitor student activity and to detect and prevent fraud. Signing into another person's course is a violation of the MLO Rules of Conduct.** Information about BioSig-ID may be found on the [Student Authentication Support Page](#)

## Education and Temporary Authority to Operate

---

On March 15, 2018, Congress passed the [Economic Growth, Regulatory Relief and Consumer Protection Act \(S. 2155\)](#), which included a new provision under the [SAFE Act of 2008](#). This new provision, known as Temporary Authority to Operate, streamlines the license application process for federally registered mortgage loan originators (MLOs) seeking state licensure, and state-licensed MLOs seeking licensure in another state.

The Economic Growth, Regulatory Relief and Consumer Protection Act was signed into law May 24, 2018 and takes effect November 24, 2019.

A qualified MLO does not need to pass the SAFE MLO test or meet pre-licensure education requirements to obtain Temporary Authority. However, MLOs need to complete federal and state education requirements within 120 days of their Temporary Authority start date. During the 120-day Temporary Authority period MLOs are permitted to originate loans.

**SMART Temporary Authority Deadlines:** The following deadlines take into consideration the time required to complete education, for information to be reported, and for the education record to be updated in NMLS.

**SMART TA:** Requirements and Education Record is Updated within 90 Days of Temporary Authority

**TA At Risk:** Requirements and Education Record is Not Updated at 100 Days of Temporary Authority

**PROBABLY GUARANTEED LOSS OF TA:** Requirements and Education Record Not Updated at 100 Days of Temporary Authority

Total Agencies with State-Specific CE: 25

\*MN requires 1 hour of State specific CE even for those that completed CE prior to Aug. 1, 2018.

\*NV requires 10 hours (3 State Specific) for Late CE completed for 2010-2017.

\*MLOs licensed by UT-DRE on or after May 8, 2017, shall, beginning January 1, 2020, complete a 5hr post-licensure continuing education course prior to first renewal. This is in addition to the 10 hours of annual CE already required for MLOs (8hrs + 2hrs of UT-specific).

\*UT-DRE has an additional requirement of 15 hours of UT-DRE approved instruction for PE.

\*OH requires 4hrs of OH specific law for the ORMLA license only.

\*OR Per OAR 441-880-0310(1)(b), PE is valid 3yrs from date ed was completed or last day held a MLO license/registration in any jurisdiction, whichever is later.

\*NC PE must be completed within 3 years of new or subsequent license application.

\*WV see page 62.

## General “Rules” for Setting and Tracking PE and CE Requirements

---

### Q. What is PE Expiration?

A. In 2016, the NMLS Policy Committee approved a policy that addresses situations in which an individual either 1) completes the Federal PE requirement and does not acquire a license within a reasonable amount of time, or 2) acquires a license, but then leaves the industry and returns after a long period and does not required to become current on education. The policy reads as follows:

“An individual who completed 20 hours Pre-Licensure education pursuant to 12 U.S.C. 5104(c) must retake 20 hours of pre-licensure education in order to be eligible for state mortgage loan originator licensure if he or she:

- (3) fails to acquire a valid state license or federal registration as a mortgage loan originator within three years from the date of federal compliance with 12 U.S.C. 5104(c); or
- (4) fails to acquire a valid state license or federal registration as a mortgage loan originator within three years from the last date of licensure or registration as a mortgage loan originator.”

### Q. When is the PE Expiration policy enforced?

A. Several states have already or are in the process of enacting the PE Expiration policy.

### Q. Is NMLS tracking both Federal and State PE and CE requirements?

A. Yes, effective 6/24/2013 NMLS will track compliance for both Federal and State PE and CE requirements. Education records will reflect state PE and CE compliance status for past years. Compliance with 2017 continuing education requirements will be tracked using course completions on or after Jan 1, 2017.

### Q. Will NMLS block application for a license if the MLO is not PE compliant?

A. Yes, if the agency has set the license setting to require PE compliance at the time of application, NMLS will validate that the MLO is compliant with BOTH Federal and State agency requirements prior to submission. NMLS will also require completion of pending CE requirements for the last year the MLO held the license if the MLO is applying for a previously held license.

### Q. Will NMLS block renewal for a license if the MLO is not CE compliant?

A. Yes, if the agency has set the license setting to require CE compliance at renewal, NMLS will validate that the MLO is compliant with BOTH Federal and State annual CE requirements.

### Q. When is CE required?

A. Per the new uniform CE policy approved last year, CE is required in the same year as licensure unless Federal PE was also completed that year. (See page 2)

**Q. When is Late CE required?**

*A. Late CE is required during the annual reinstatement period. Late CE is also required if an MLO left and is returning to the industry and is used to satisfy CE requirements that were not completed in the last year the MLO held the license. (See page 2)*

**Q. Will NMLS track state-specific Late CE?**

*A. Yes. Course providers will report state-specific Late CE just like they do other courses and the system will automatically apply the Late CE to the appropriate year. In the event of an exception, the reported Late CE will be processed and manually applied to the correct year by SRR staff.*

**Q. What if an MLO completed state-specific PE this year, are they still required to complete CE?**

*A. Yes, if an MLO is already licensed with Federal PE compliance in a previous year and completes state-specific PE for another license, the MLO is still required to complete CE for that agency for that year. For example: An MLO is licensed in OR in 2016; in 2018, they complete 4 hours of WA state-specific PE and are granted a WA license on 6/12/16. The MLO is still required to complete CE in 2018 (including the 1 hour of WA CE state-specific) as condition for renewal in both OR and WA. This also applies if an agency like AZ or NC requires an MLO to re-take 20hrs of PE and the MLO is licensed with multiple agencies. The MLO will still be required to complete CE for the other agencies he/she is licensed with.*

**Q. How does NMLS know what the education requirements are for each agency?**

*A. NMLS is programmed with Federal PE and CE requirements as required by the SAFE Act. State-specific PE and CE requirements are set by each state agency through a license setting interface based on requirements set forth in state statute or regulation. Every agency can set their own state-specific requirements for each of their license types. NMLS performs compliance checks at the time of application for PE, and sets the CE requirement when the license is approved.*

**Q. What if an agency wants to change its state-specific education requirements?**

*A. State agencies can modify their state-specific education requirements at any time with advance notice. The advance notice is required to ensure industry is aware of the new requirement and so course providers can modify courses.*

**Q. What happens if an agency changes its PE or CE hour requirements?**

*A. If there is a change to PE requirements any applicant will be required to meet the new requirements on or after the effective date of the new requirement. For example, if an agency changes their PE requirement from 2 hours to 4 hours of state-specific education effective July 1, any application filed and in a pending status as of June 30<sup>th</sup>, will remain compliant for having met the 2 hour requirement. Any application submitted on or after July 1 will not be accepted if the individual has not completed the 4 hours of state-specific education.*

*If a state agency changes its CE requirements at any time during the calendar year, all MLO's licensed with that agency will be required to meet the new hour requirement even if they were already CE compliant. For example, if an agency had a requirement for 8 hours of CE on 1/1/2017, and then the agency changes their requirement to include 1 hour of state-specific CE effective July 1, 2017, any MLO that was already CE compliant as of 6/30/2017 will now have to complete the 1 hour of state-specific education.*

**Q. Will the system be placing a license item for CE?**

*A. The system will automatically place a license item on each MLO license if the MLO is not yet CE compliant for the license on July 15 of that year. The license setting will be cleared by the system once the MLO has become compliant for CE (both federal and any state requirement).*

**Q. What if an MLO is licensed on November 15?**

*A. If an MLO is licensed between November 1 and December 31 of any year, they will not be required to complete CE for that year. On Jan 1, YYYY, NMLS will automatically set the CE requirement for the next year. However, if the license status date is entered with a date prior to November 1 during the renewal period, the MLO will be required to complete CE for that year.*

**Q. What about CE compliance for MU2 individuals?**

*A. NMLS is not currently tracking CE compliance for MU2 individuals. However, requirements for MU2 individuals are listed on the charts and the requirements are being manually reviewed by relevant state agencies.*

## Alabama

---

### Pre-Licensure Education Requirements

New state-licensed MLOs are required to complete 20 hours of NMLS-approved education. This education must include 3 hours of Federal law, 3 hours of ethics (which shall include fraud, consumer protection, and fair lending issues), 2 hours of non-traditional mortgage lending, plus 12 hours of undefined education (referred to as electives). AL does not have a requirement for instruction on state-specific law.

Number of hours is  $3/3/2/12 = 20$

**PE Expiration: Pending Enactment** See the [AL Requirements Checklist](#) for details.

### Continuing Education Requirements

**MLO:** Every state licensed MLO (in any approved status) is required to complete at least 8 hours of NMLS approved education annually beginning the year they are licensed (unless PE was completed in the same year). Annual CE education must include 3 hours of Federal law, 2 hours of ethics (which shall include fraud, consumer protection, and fair lending issues), and 2 hours of non-traditional mortgage lending, plus one additional hour of undefined education (referred to as an elective). Number of hours is  $3/2/2/1 = 8$

**Additional Persons:** N/A

If I became federal compliant for PE between 2009 - 2020	and was licensed between 2009 - 2020	am I required to complete CE in 2021	<b>YES</b>
If I became compliant for PE in 2021	and I was approved for an initial license in 2021	am I required to complete CE in 2021	<b>No</b>

### Deadline

**The deadline to complete CE is December 31.** However, MLOs in Alabama are prevented from applying to renew their license if they have not completed CE. Since it may take as long as seven (7) days for a course provider to report a course completion into NMLS, MLOs are strongly encouraged not to wait until the last minute to try to complete CE or they may be prevented from submitting for renewal on time.

Am I required to take Continuing Education this year?			
If I became federal compliant for PE between 2009 - 2020	and was licensed between 2009 - 2020	am I required to complete CE in 2021	<b>YES</b>
If I became compliant for PE in 2021	and I was approved for an initial license in 2021	am I required to complete CE in 2021	<b>No</b>

## Deadline

**The deadline to complete CE is December 31.** However, MLOs in Virginia are prohibited from applying to renew their license if they have not completed CE. Since it may take as long as seven (7) days for a course provider to report a course completion into NMLS, MLOs are strongly encouraged not to wait until the last minute to try to complete CE or they may be prevented from submitting for renewal on time.
